RIDING THE WAVES INTO THE 21ST CENTURY

Keynote Breakfast:

Peter Friedmann “Our Man In DC”

Less than a month before the Mid-terms, our PCC Counsel brings us his unique “Unvarnished View from Washington DC”. As a recognized authority on transportation and trade, quoted in NY Times, CNBC and trade press, Peter brings the perspective of a former US Senate Counsel, his travels to Korea, Argentina, Mexico and Europe campaigning against protectionism. Before Congress and Federal agencies Peter advocates for customs brokers and freight forwarders, and through national organizations he founded, speaks for the interests of our client importers and exporters.
