EVER CHANGING V.2022

RIDING THE WAVES INTO THE 21ST CENTURY

Keynote Luncheon:

Pete Flores

**Executive Assistant Commissioner
Office of Field Operations U.S.
Customs and Border Protection**

Mr. Flores' responsibilities encompass virtually all aspects of the importers, exporters, customs brokers and freight forwarders' daily international trade functions -- at the seaports, airports and border crossings. The over 32,000 CBP employees in OFO who report to him manage and facilitate the flow of commerce, while enforcing US policies – tariffs, inspections, WRO's, export and import documentation, essentially everything brokers and forwarders do.
